

Review assessment practice

Item 4 of 4

Now that you have made your final assessment judgement, it is time to review your own assessment practices based on feedback from colleagues and learners, and your own self-reflection.

This involves:

- Seeking feedback from learners on your assessment practices
- Analysing assessment and your own assessment practice to identify opportunities for improvement

Step 1. Collect the **Student Survey Forms** and collate the data (located in BrainstormRTO)

Step 2 Review the feedback provided by each student

Step 3. Based on the feedback from learners and colleagues, and your own self-reflection, complete the **Self-Reflection Form**. You are required to Identify at least **three (3)** changes to improve your own assessment practice. To demonstrate your continuous improvement in assessment practice you are required to implement these changes in your future assessment projects, ie, Projects 5 and 8.

Upload the following completed documents

- **Assessment Process Self Reflection**

If required, add a note or written response to accompany your submission

Each file uploaded can be no more than 1GB, uploaded files can be removed before submission
