

**Brainstorming - Supporting Students (Addisu)**

Item 1 of 3

This is a brainstorming exercise, giving you the opportunity to generate ideas that can be used to update the Student Profile and Support Plan for **Addisu Desta**.

- Review the current enrolment form and Student Profile and Support Plan for **Addisu Desta**
 - Look at the enrolment data for Addisu
 - Look at the ACSF levels for Addisu
 - Look at any specialist advice for the LLN Support team
- Review the Training and Assessment strategy for the course
 - Look at the ACSF levels required for each unit.
 - Look at the Foundation Skills Support Strategies listed on the TAS
- Identify areas where Addisu will need support
- Identify potential resources
- Identify potential activities

Complete the brainstorming questions. This information will be used in **Project 2**.

Look at the enrolment data for the first student.

Your task – Generate key ideas by using the series of questions below and then create a support plan for the student.

Student 1 Name: Addisu Desta

Using the student profile, identify and list two (2) foundation skills where the student needs additional support. (These can be from the ACSF or the Employability Skills Framework)	<input type="text" value="Enter a response here"/> <input type="text" value="Enter a response here"/>
Thinking about these two foundation skills - list two (2) different training strategies you could use to support the student whilst addressing the required foundation skills to be developed	<input type="text" value="Enter a response here"/> <input type="text" value="Enter a response here"/>
Thinking about these two foundation skills – briefly describe at least two (2) suitable training resources that could assist the learner to address foundation skills. Include the name of the resource and the hyperlink if appropriate.	<input type="text" value="Enter a response here"/> <input type="text" value="Enter a response here"/>
